Dear Colleagues,

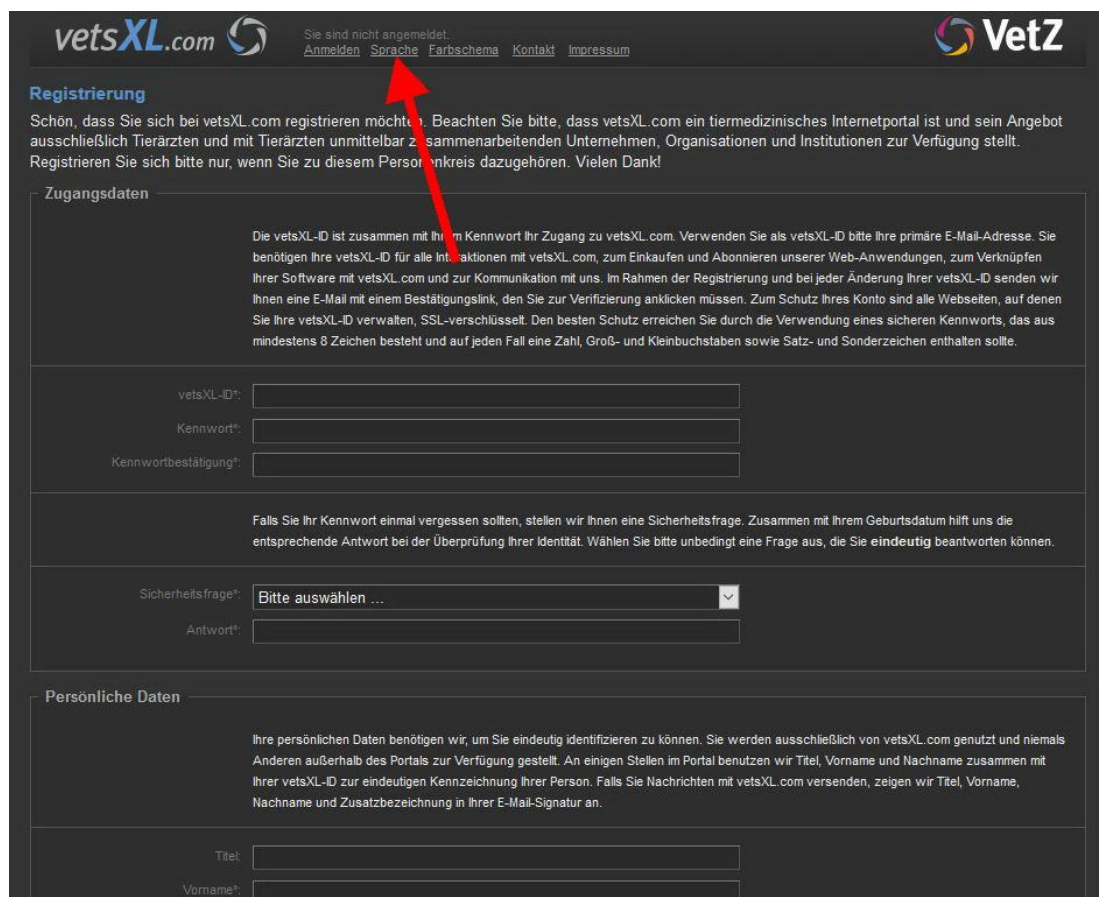

via SV Augsburg I get digital X-rays from GSD from your practice/clinic as hard copies. Because of standardization in the screening procedure and a better workflow for the administration SV Germany plans for the future only to accept HD-ED online images. But we recommend to start now already.

If you don't have an own printer for your digital x-rays (or even if you have) you should upload them on a special online portal. Registration at the portal is possible under:

<https://www.myvetsxl.com/de/UserRegistration/default.aspx>

Then the first screen will be in German.

(My be possible that the programm realizes from which country you are and offers it automatically in your language – then directly „login“.)

The screenshot shows the registration page for vetsXL.com. At the top, there is a navigation bar with the following links: Anmelden, Sprache, Farbschema, Kontakt, Impressum. A red arrow points to the 'Sprache' link. Below the navigation bar, the page title is 'Registrierung'. The main text reads: 'Schön, dass Sie sich bei vetsXL.com registrieren möchten. Beachten Sie bitte, dass vetsXL.com ein tiermedizinisches Internetportal ist und sein Angebot ausschließlich Tierärzten und mit Tierärzten unmittelbar zusammenarbeitenden Unternehmen, Organisationen und Institutionen zur Verfügung stellt. Registrieren Sie sich bitte nur, wenn Sie zu diesem Personenkreis dazugehören. Vielen Dank!'. Below this text, there is a section titled 'Zugangsdaten' with a text block explaining the vetsXL-ID and password requirements. There are three input fields for 'vetsXL-ID*', 'Kennwort*', and 'Kennwortbestätigung*'. Below these fields, there is a section for 'Sicherheitsfrage*' with a dropdown menu and an 'Antwort*' field. At the bottom, there is a section titled 'Persönliche Daten' with input fields for 'Titel*' and 'Vorname*'. The page also features the vetsXL.com logo and the VetZ logo.

But you can chose another language under „Sprache“ in the top line (red arrow).

Sprache

Legen Sie fest, mit welcher Sprache Sie vetsXL.com benutzen möchten.

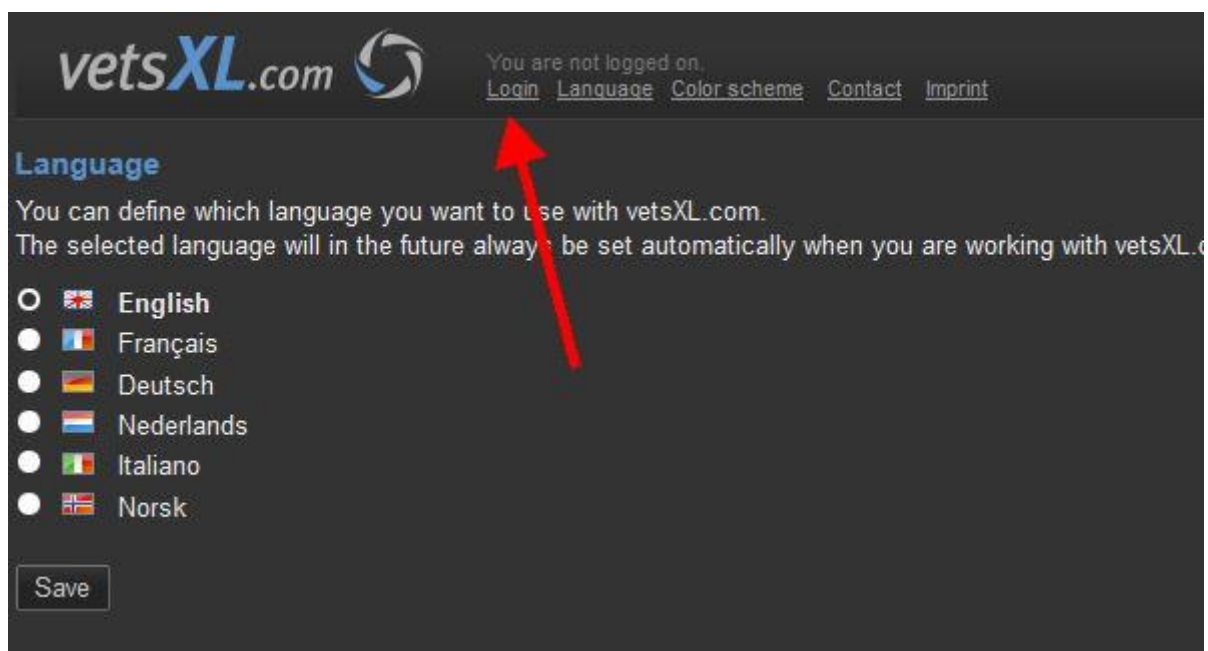

Die ausgewählte Sprache wird zukünftig immer automatisch eingestellt, wenn Sie mit vetsXL.com arbeiten.

-  English
-  Français
-  Deutsch
-  Nederlands
-  Italiano
-  Norsk

Speichern

Choose the language and press button „Speichern“.

Then go on „Login“

The screenshot shows the top navigation bar of the vetsXL.com website. The logo 'vetsXL.com' is on the left, followed by a circular icon. To the right, the text 'You are not logged on.' is displayed above a row of links: 'Login', 'Language', 'Color scheme', 'Contact', and 'Imprint'. Below this, the 'Language' selection menu is visible, featuring the same list of languages and flags as in the first screenshot, with a 'Save' button at the bottom. A red arrow points from the 'Language' link in the navigation bar down to the language selection menu.

The next steps will be explained.

vetsXL.com login

vetsXL.com provides you with a comprehensive range of internet applications for veterinary medicine. To use our applications and functions, please access data to log in!

Access data

User name:

Password:

[Have you forgotten your password?](#)

Login

You do not have access yet?

Please fill in our [Registration form](#) to obtain access to vetsxl.com.

Register

Now you can register in the language you have chosen – here in English:

vetsXL.com  You are not logged on. [Login](#) [Language](#) [Color scheme](#) [Contact](#) [Imprint](#) 

Registration

Thank you for your interest in registering with vetsXL.com. Please note that vetsXL.com is a veterinary internet portal and offers its services exclusively for vets and companies, organizations and institutions collaborating with vets. Please register only if you belong to this group of people. Thank you!

Access data

The vetsXL ID together with your password is your access to vetsXL.com. As your vetsXL-ID, please use your primary email address. You need your vetsXL-ID for all interactions with vetsXL.com, to purchase and subscribe to our web applications, to link your software with vetsXL.com and to communicate with us. As part of the registration process and each time you change your vetsXL-ID, we send you an email with a confirmation link which you have to click on for verification purposes. To protect your account, all websites you use to manage your vetsXL-ID are SSL encrypted. You receive the best protection by using a secure password, which should be at least 8 characters long and contain at least one number, capital and lower-case letters as well as punctuation and special characters.

vetsXL ID*:

Password*:

Password confirmation*:

In case you forget your password, we will ask you a security question. Together with your date of birth, the respective answer will help us to verify your identity. Please be sure to enter a question which you can answer clearly.

Security question*:

Answer*:

Personal data

We require your personal data in order to clearly identify you. It will be used exclusively by vetsXL.com and never be made available for third parties outside the portal. We use your title, first name, last name and vetsXL-ID in some areas of the portal to clearly identify you. If you send messages through vetsXL.com, then we show your title, first name, last name and additional designation in your email signature.

Title:

First name*:

Last name*:

Additional designation:

Date of birth*:

If you will do this and you have any problems please contact Mr. Gross form the VetZ company

myvetsxladmin@vetsxl.com or N.Gross@vetz.de

or myself.

Your decision fort he online procedure will not only enable a better scoring of the x-rays but will lalso be an important contribution to the protection of enviroment.

Best regards

Dr. Bernd Tellhelm
